Subject: [Ilminster Town Council] Subject permission to metal detect

Further to my visit to your offices, and speaking to Mr Swann, I would be grateful if you would consider my application for permission to metal detect on council land.

I consider myself a responsible adult and promise to remove all litter that is dug, repair all holes, and report any finds of significance. I will of course respect others and keep away from sports pitches and any "sensitive areas".

I look forward to hearing from you.

Simon Wood.
