

Wardens report (for 28/10/14)

Jobs undertaken (since last report)

- All town signs have been replaced inc new backboards
- The toilet block gutter has been repaired all the way around
- All the items for the contingency store have been put in place
- All the town planters and troughs have had their bedding removed
- The fair has been and gone with no damage this time
- The fair damage in brittens field has been put right and reseeded
- The bluebell area on the hill has been cleared
- A few fallen trees on the hill have been cut and cleared
- Some more graffitl has been removed of the skate ramps
- The drains/valleys on the market house roof have been cleared
- Removed the piles of weed from the canal (path very waterlogged)
- Helped to dig the hole for the brownies time capsule and cleared the area around the trig point (Corry helped fill the hole back in)
- The fence at Winterhay has been repaired
- We are still cutting the grass although it has now slowed up

Future jobs

- Plant winter bedding
- Put remaining benches out
- Start to repaint any benches that need it
- Start to thin trees on hill where needed
- Clear section of hedge on ridge path
- Hedge work on hill

Points of note for the committee

- By the time of this meeting the ash tree by the toilet block should have been felled this is due to it splitting and advice taken
- Kahn has started his collage work
